## WELCOME TO BRISTOL AIRPORT'S SUMMER 2013 DESTINATION GUIDE

Whether you are in search of sun, looking for a city break, visiting friends around the world or travelling on business, Bristol Airport is the place to start your journey.

There is a great choice of destinations this summer, with a wide range of popular summer getaways available with First Choice, Thomson and Thomas Cook, as well as new destinations from specialist tour operators such as Corsican Places (Bastia) and Inghams (Verona).

The 12 scheduled airlines operating at Bristol Airport also have busy schedules this summer, with new flights to destinations including Frankfurt, Hannover, Hamburg, Milan and Munich.

KLM, Brussels Airlines and Air France fly up to four times a day to the hubs of Amsterdam, Brussels and Paris, providing convenient access to extensive global flight networks, while those travelling to the USA can connect via Dublin with Aer Lingus, clearing US customs and immigration in the process.

For those not travelling so far afield, regular services from Aurigny, Blue Islands, bmi regional, Eastern Airways and flybe ensure that the British Isles are well covered.

So, if you are seeking new horizons this summer, start your journey at Bristol Airport.
