

## AIRSIDE INFORMATION NOTICE

---

Reference	<b>AIN 2020/06</b>		
Date Issued	<b>29/06/2020</b>		
Issued By	<b>Dan Jones</b>	Position	<b>Airside Operations and Safety Manager</b>
Subject	<b>TRIAL OF REFLECTIVE GREEN CENTRELINE STUDS</b>		

---

An Airside Information Notice (AIN) will be issued to notify airfield users of pertinent operational or administrative information, such as a general or routine reminder of airfield procedures/instructions, the promotion of safety campaigns and changes to airfield infrastructure, signs or markings. It is the responsibility of all employers to ensure that relevant AINs are brought to the attention of their staff.

### 1. OBJECTIVE

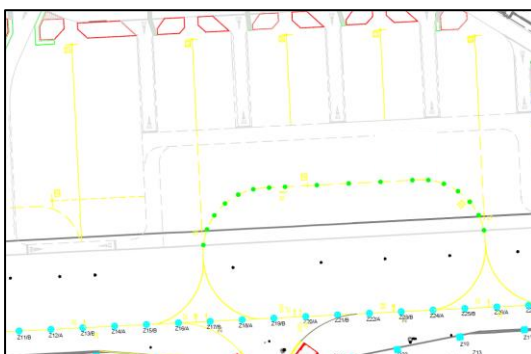

This AIN is issued to advise of the installation of reflective green centreline studs in some of the apron cul-de-sacs, to improve visibility of the centreline at night or in adverse weather conditions.

### 2. SCOPE

This notice is relevant to all aircraft pushback teams and pilots operating from Bristol.

### 3. INFORMATION

Airside operations received feedback from aircraft pushback teams that the centrelines in the apron cul-de-sacs were difficult to identify and line up the aircraft nose wheel on, in dark, wet, or low visibility conditions. To improve visibility of the centreline, some green reflective studs have been installed at regular intervals. These have been fitted in the cul-de-sac on the east apron between stands 5-9, and the cul-de-sac on the west apron behind stands 22-25. If the trial proves successful, then studs will be installed in the remaining cul-de-sacs later in the year.

STANDS 22-25

STANDS 5-9

### 4. GENERAL ENQUIRIES

Any enquiries should be addressed to **Airside Operations** on **01275 473705** or **07712 792235**.
