

Your Airport News

www.bristolairport.co.uk

"I would like to welcome you to our latest edition of Your Airport News. As we now enter our busiest part of the year, we are delighted to see our operational teams, including security and check-in, coping well with the high passenger numbers. This is in part because of our decision to recruit early and we've had real success in attracting new people to Bristol Airport with us hosting two Careers Fairs during the Spring. We have also recently opened a brand-new Boots store to our Departure Lounge. The new store is a great addition to our retail facilities and is part of a wider £4million upgrade to the passenger experience in the terminal.

"If you're flying from Bristol Airport this summer, all of our teams are looking forward to welcoming you." Dave Lees, CEO, Bristol Airport

12 MPPA Announcement

In May, the Court decided to uphold the planning permission to increase Bristol Airport's capacity from 10 million to 12 million passengers per annum providing enhanced customer facilities for the region's gateway for air travel. The decision is excellent news for our region's economy, allowing us to create thousands of new jobs in the years ahead and open-up new direct links, and support inbound tourism. We will now take forward our multi-million-pound plans for net zero operations by 2030 and look forward to working with stakeholders and the community to deliver responsible growth.

Local Community Fund

So far in 2023, our Local Community Fund, which helps and supports local businesses and communities, has committed to grant over £160,000 to support 46 projects in close proximity to the airport. In total, £1.5 million has been granted to projects in the surrounding community of Bristol Airport since the fund was set up in 2012.

Bristol Airport Donate Teddy Bears to Local School

After the recent devastating fire at Yatton Infant School, Bristol Airport have partnered with WH Smith to donate over 100 brand-new teddy bears to help raise funds at the school's summer carnival. The airport team were saddened to hear about the fire and our thoughts are with the pupils and local community. We wish the school all the best over the coming weeks and months.

New Onsite Solar Farm

In May, work started on the development of the first ever onsite solar farm at Bristol Airport. The 2.8-acre solar farm will help us achieve 25% of all energy use generated by renewable sources by the end of 2025. The development is also a major component in helping to deliver the Airport's ambitions to be a Net Zero Airport for its Scope 1 and 2 emissions by 2030. The project is forecasted to be completed by Summer 2023.

New Boots Store Opens

We recently opened a brand-new Boots UK store in the Departure Lounge. Whether it's for business or pleasure, the new Boots store has everything you need for your trip. If you're jetting off on vacation this Summer, pick up all your holiday essentials from sun care products, toiletries, vitamins and medicines.

Ryanair's Boeing 737 - 8200 aircraft

This month, we welcomed the new Ryanair's Boeing 737 - 8200 aircraft to Bristol Airport. These new, fuel-efficient "gamechanger" aircraft will lower noise emissions by up to 40%.
